

Hangklip-Kleinmond Tourism gives 67 Minutes for Mandela Day 2013

The predominant objective of Mandela Day is to encourage individuals to take action to help transform the world for the better, and in doing so build a global undertaking for the greater good of all. Ultimately it strives for the empowerment of communities everywhere. **"Take Action; Inspire Change; Make Every Day a Mandela Day."**

Individuals and organizations were free to partake in Mandela Day as they desired. The Hangklip-Kleinmond Tourism Team adhered to the ethical context of **"service to one's fellow human beings"** by visiting the elderly residents of Gerimed – Home for the Aged.

Gerimed is a privately owned Health Care Company and leaders at elderly health care in the Western Cape.

The Care Centre consists of sub-acute care (step-down care), frail care and assisted living care in private apartments.

Their services include skilled nursing care, assisted living care as well as local doctor services which includes Rehabilitation, Physiotherapists, Occupations Therapists and Speech Therapists.

Councilor Phillip Appelgrein welcomed everyone present and opened with a prayer. After which each of the residents received a colorful balloon, a freshly homebaked cupcake, made with love by John and André from Cup-a-Cafè as well as an elegant Protea-bouquet prepared by Maksie Liebenberg from Petals. Bella from Ciao Bella in Harbour Road sponsored a pampering goodie bag for Mrs Small who celebrated her birthday on the 5th of July.

Celeste Scheepers, Trisa Hugo and Margie Wilson each read a short-story from the book ***My kort vir jou Sop***, whilst everyone enjoyed their tea and cupcakes.

My Kort vir jou Sop is a rich collection of short stories which was created from the input and contributions of an extraordinary variety of South African writers, which includes familiar names such as Marita van der Vyver, Tinus Viviers, Annelie Botes, Lochner de Kock, Riana Scheepers and five of our own Kleinmonders, Frazer Barry of the band Tribal Echo, Ian Smit, Elzareé Fey, Margie Wilson and Trisa Hugo.

All funds raised from this book will be donated to charity.

We trust that our 67 minutes of service to our fellow human beings made a difference to someone and brighten up the day of a few people.

Thank you to Oom Pieta Pieterse who played cameraman and sent us some lovely pictures of this event.

Our human compassion binds us the one to the other - not in pity or patronizingly, but as human beings who have learnt how to turn our common suffering into hope for the future.

The EXPEDITION Project Tree Planting at Mthimkhulu Village Centre

On Monday 8 July 2013 The EXPEDITION Project came to the end of its third route for 2013 with a tree planting thanks to Trees4Schools. The planting took place at the Mthimkhulu Village Centre in Kleinmond.

Trees4Schools has been working with The EXPEDITION Project since the initiative's inception in 2011. The partnership came about to assist with offsetting the carbon footprint of the annual road trips and to contribute to organisations identified with indigenous trees.

In 2012 The EXPEDITION Project, covering 17000km, travelled for 250 days and visited 192 towns around South Africa and in the process identified 109 projects. In 2013 the project framework was divided into three routes with an aim to re-visit the people, projects and places from 2012 and identify new working partnerships in new areas.

On 8 July 2013, the second last stop on The EXPEDITION Project's third route was Kleinmond and within Kleinmond the Mthimkhulu Village Centre, part of Grail Programmes, was marked as an ideal tree planting location for this route.

From 9am to 12pm The EXPEDITION Project team, together with local Kleinmond youth and Trees4Schools, planted 18 indigenous trees. The remaining 12 to be planted within the next few weeks once an allocated area has been cleared and holes dug.

A great success thanks to collaboration and partnership between Mthimkhulu, Trees4Schools and The EXPEDITION Project.

Kalfiefees 7 – 11 Augustus 2013

Vanjaar vier ons die dertiende bestaansjaar van die Kalfiefees. Ná 'n nederige begin het die Kalfiefees jaarliks gegroei en telkens was daar innoverende veranderinge wat tot meer en beter produksies en uitvoerings vir ons groterwordende getal lojale ondersteuners gelei het.

Vanjaar kan ons spog met die room van suksesvolle aanbiedings van elders in Suid-Afrika. Daarbenewens is daar ook nuwe en eie aanbiedings – en dit alles teen bekostigbare pryse!

Nog 'n vernuwing is dat die fees ook uitbundige kalfiespronge in die groter Hermanus gaan maak. Ofskoon die hart van die fees in Onrus bly, word die ouditorium baie meer gebruik en die Hoërskool Hermanus se saal word 'n nuwe aanbiedingslokaal. Die fees brei ook na Hawston uit om 'n spesiale opdragproduksie nader aan ons Kalfievriende aldaar te bring.

Vir die duur van die fees verskuif die administrasie na die NG Kerkperseel in die middedorp en die Grobbelaarsaal word die hart van die tuiskerk – beskut teen wind en weer. Ons sê ook totsiens vir die tent en 'n modderige parkeerterrein.

Benewens kunstenaars en feesgangers is die borge en komiteede die dryfkrag agter 'n suksesvolle fees. Ons bedank graag ons borge, groot en klein, vir hul finansiële ondersteuning en/of vir die lewering van goedere en dienste. Agter die skerms woel en weskaf 'n gemotiveerde en hardwerkende komitee wat die fees laat Kalfies kry - my opregte dank aan almal.

Gaan besoek gerus die Kalfiefees se webtuiste vir meer inligting en om die volledige program af te laai!

National Woman's Day 9 August 2013

On 9 August 1956 approximately 20 000 women, from all walks of life, participated in a march outside the Union Buildings in Pretoria. It was probably the single most famous protest by women to have taken place in the history of South Africa. The Union Building site was chosen because of its historical significance in the development of the apartheid struggle.

Women were opposing the law which forced the black population to carry a pass (or document) with them at all times to permit them entering a 'white area'. "You strike the women, you strike the rock", was chanted during the protest and this gave strength to South African women who suffered from exploitation and discrimination during the apartheid era.

Programmes such as Violence against Women and others have been established as a result of this march and the determination of women countrywide.

On National Women's Day 2000, the Women's Monument at the Union Buildings was unveiled to recognise women's contribution towards gender equity and human rights for all. In many parts of South Africa, women still bear the brunt of extreme poverty, abuse, over- exploitation, oppression and great suffering, yet they are still the "rock" upon which family life and our society depends.

On National Women's Day all women are affirmed, their courage and sacrifices over the ages acknowledged, and their aspirations and achievements applauded.

International Youth Day

International Youth Day (IYD) was established by the United Nations in 2000 as a means of raising awareness of issues affecting young people around the world. IYD forms part of the UN's wider World Programme of Action for Youth (WPAY), an initiative that aims to promote the wellbeing and livelihood of young people.

Its 15 priority areas include:

Education, employment, poverty and hunger, the environment, drug abuse, juvenile delinquency, leisure-time activities, health, girls and young women, HIV/AIDS, information and communications technology, inter-generational issues, armed conflict, the mixed impact of globalization, and the full and effective participation of youth in society and in decision-making.

Uit die Fynboskat deur Leon Louw

Na die lekker koue en reëns die afgelope tyd is dit 'n plesier om weer in ons pragtige veld te gaan stap en te kyk watter blommetjies nou hul kop uitsteek. En watter beloning is dit! Mens sou kon sweer die lente is al hier!

Die *Iris*-familie stal nou die eerste van sy bolplante uit. Soek die delikate *Tritoniopsis lata* (ek was gek oor die genus se vroeëre naam *Anapolina*!), die laaggroeiende *Watsonia stenosphon* langs die karavaanpark by Palmiet en die pragtige *Ixia micranda* (pienk kalossie). Ook die *Gladiolus hirsutus* raak nou meer volop in die veld en langs die toegangspaaie na Kleinmond.

Tritoniopsis lata

Disperis capensis

Hoewel ons Orgidee-familie skaars is hierdie tyd van die jaar, kan jy as jy fyn soek beloon word met die delikate *Disperis capensis* (moederkappie) wat beskerming soek naby groter fynbos.

Die Protea-familie verstom mens steeds met sy wye verskeidenheid. Van die 14 genusse kom 7 hier by ons voor, naamlik *Aulax* (kanariebosse), *Diastella* (sterretjies), *Leucadendron* (tolbosse), *Leucospermum* (speldekussings), *Mimetes* (stompies), *Protea* (soms genoem suikerbosse), *Serruria* (spinnepkopbosse) en *Spatalla* (die horingbosse). Van die ongeveer 360 spesies van die *Proteacea*-familie kom 41 in en om ons dorp voor. Soek gerus vir die laaggroeiende *P. longifolia* met sy aantreklike blomme met gespitse kelkblare en wit tot ligpienk “baard” met die swart puntjie. Let ook op die groot “sonskynbosse” (*Leucadendron laurum*) wat ons veld in geel tooi.
